

## WOES OF MR. DWOROKOVITZ.

HIS EARLY SLUMBERS DISTURBED BY UNTIMELY INTRUDERS.

Another Saloon Man Takes Possession of Premises for Which Dworokovitz Had Paid Rent—The Latter and His Attorneys Did—Other Court News.

It lacked an hour of the cold gray dawn. The inmates of the three-story brick business house at Eighteenth street and Flora avenue and their neighbors were still in peaceful slumber. Suddenly there was a faraway sound of rolling wheels and the distant buzz of men's voices upon the earthlike quiet street.

The wagon drew up near the business house and halted. The words, "Whoa!" and "Hold on!" and many others might have been distinguished by the sleepers in the three-story brick business house, had they been awake. Suddenly there was a noise of splintering, clinking glass fell upon the ear, followed by the crashing and snapping of planks. In the dim light a man could be seen crawling through a window on the second floor of the house. A steady knock. Behind him there were others. Then, with a terrified start, the residents of the abode awoke.

Louis Dworokovitz is a saloonkeeper at No. 141 East Eighteenth street. He has been living for some time on the second floor of the house with his family. On the basement floor are stored some barrels of liquor and other merchandise which belong to him. He does not own the house. It is owned by R. H. Joffe, the wholesale liquor dealer. Some time ago Dworokovitz bought an estate in the city and he and his family moved into it. He is now occupied and started to let it up as a dwelling house. Meanwhile, however, he saw that he would have to live a little while longer in the saloon. He left the house and went to the saloon. He left the house and went to the saloon. He left the house and went to the saloon.

Dworokovitz claims that he rushed down stairs, having been awakened by the noise below, and found the saloonkeeper, Joffe, in the act of removing the furniture. He ordered them away and they refused to go. Then Joffe and his family, who were the saloonkeeper's family, took to the streets. He ordered them away and they refused to go. Then Joffe and his family, who were the saloonkeeper's family, took to the streets.

At 6 o'clock yesterday afternoon Dworokovitz went to the saloon and found it empty. He went to the saloon and found it empty. He went to the saloon and found it empty. He went to the saloon and found it empty.

## COLONEL SIMMONS HONORED.

OFFICERS OF THE THIRD REGIMENT GIVE HIM A SURPRISE.

Presented with a Set of "Battles and Leaders of the Civil War," Engrossed With Most Complimentary Resolutions—Eulogistic Speeches.

Colonel N. B. Simmons, late commander of the Third Regiment, was most graciously surprised at his home, 514 Walnut avenue, last evening by the officers of the regiment, who presented him with four elegant bound volumes of the Century Company's "Battles and Leaders of the Civil War." Colonel Simmons was wholly unaware of any such intention on the part of his late associates, and his face was a study of mingled surprise and pleasure when he opened the door and looked upon the pile of uniformed men. He recovered himself, however, and the regimental officers were soon seated about the parlor.

Colonel Simmons, who is now a resident of the city, was presented with the books and read the resolutions, which had been adopted at a former meeting and which were warmly endorsed on the part of the volume. He was followed by Colonel P. G. Gross, who made a few appropriate remarks regarding the valuable services rendered by the regiment by Colonel Simmons during his official career. He said that he had taken command when his affairs were in a very critical condition, and that he had taken command when his affairs were in a very critical condition.

NO PROFIT IN BRINGING CATTLE HERE FROM MEXICO.

The beef cattle trade between Old Mexico and this country seems to have run its course already, the import duty of 25 per cent of value and heavy freight charges to market, being practically prohibitory. C. B. Newberry, of Kansas, who went to Old Mexico last spring to buy cattle for his Northern range, found a number of pure-bred and after rounding up his cattle and getting ready to ship them to his Northern range, concluded it was too late to take them so far North with safety and abandoned the idea and concluded to sell them in the market. He started from Kansas City, Mo., with 100 steers, and crossed into the United States at El Paso, Tex., where he paid duty amounting to \$1,000 on the 100 head, and besides there were some port charges. He picked out 44 head for his Northern range and shipped them to his Northern range. He picked out 44 head for his Northern range and shipped them to his Northern range.

## What They Say

Mr. J. W. Rollins, of Sweet Springs, Mo., writes: "I consider the Pyramid Pile Cure without an equal. It cured me in less than 30 days. I waited 15 days or more to be sure I was fully cured before writing you. I am now as I was cured and I shall recommend the Pyramid Pile Cure at every possible opportunity, because it cures."

Dr. Eastbrook reports that the Pyramid Pile Cure not only cures the various forms of piles, but it is a safe and effective remedy for hemorrhoids, no matter how severe the pain or discomfort may be.
